How the Average Student Reads the Bethanian

Spends the first five minutes looking for a picture. The next five minutes looking for his girl's picture.

Two hours are spent in counting the number of times his name appears. Laughs for ten minutes at the jokes he has written. Passes up altogether the literary part of the book.

Tzans because his name does not stand out more prominently in organizations. Spends exactly ten minutes in actual reading.

The balance of his college course he knacks the editors.

Picture Our Past

Can you picture it. . . Bethany College? Maybe it was everything we pictured it to be when we arrived; but maybe as we look back at those same pictures a year, 5 years, or 25 years later we'll discover an emotion or excitement that we could never have understood then. As freshmen, we innocently hoped Bethany would be a place of independence, as if not living at home made us independent. But it was not long before even the simple realities of Bethany made us wish for easier days. During those confused days, many of us were told that Bethany could only be what we make of it. And so we chose to stay. Sophomore year found us no wiser, but we accepted the challenges with less grumbling and more commitment. Junior year, the half way mark, was lost in a haze of wonder. Often we said to one another "I can't wait to graduate and start my life." And in hope of that day, we'd smile in agreement. But during our last year, we realize all which we had been fortunate enough to experience because of Alexander Campbell and his followers. Suddenly, the silence of Old Main on a cold October morning was considered peaceful and soothing, and not a punishment for taking an eight o'clock class. During our final days at Bethany we realize the true lessons of life which Bethany had hoped to teach us. For our lives can only be what we make them, as were our days in Bethany. We realize that we had started living long before we studied under the watchful eyes of our faithful professors. We realize that we would never stop learning. Each new day, we realize, will bring challenges and hopefully solutions. By looking at our time in Bethany we realize these things and obtain the vehicle by which we gain our wisdom as we walk through Oglebay Gates.

By picturing the first 150 years of Bethany College we can gain a sense of the future. The class of 1990 will remember a different Bethany than Alexander Campbell; and our children will discover yet another. In the next 157 pages we'll see pictures of the past and the present. And in the future we'll remember our own personal Bethany, sometimes with laughter and sometimes with tears, but hopefully always with love. **Can you Picture it. . . ?**

1840: The charter is granted on March 2 by the Virginia Assembly; and Alexander Campbell is elected president.

1841: Bethany's first class session is held on October 21 with 102 students enrolled from nine states.

The college's early educators are pictured with their homes, many of which are now national historic sites. **Clockwise from the top:** Founder Alexander Campbell, William K. Pendleton, R. Milligan, P.W. Mosblech, Robert Richardson and A.F. Ross.

"We teach that right thinking must precede right speaking and right acting; but should we stop at the end of right thinking, and be satisfied with ourselves, we should prove ourselves to be wrong thinkers of ordinary type."

Preface to the Millennial Har-
binger, 1838**

1855: Bethany has more than 150 male students enrolled and has produced 18 distinguished graduates.

1857: Fire destroys the main building. Plans are initiated for a new building (now known as Old Main.)

1866: Alexander Campbell dies. Faculty member, W.K. Pendleton, becomes president and serves until 1887.

1878: Women are officially admitted as students by an act of the Board of Trustees of Bethany College.

1887: President Woolery takes office until his death, in 1889, beginning a decade of rapid change in leadership.

Right: Tracey Freshwater hangs on to the railing as she climbs Cardiac Hill during one of West Virginia's fantastic snow storms.

Below: David Chambers looks even taller as he peers down on the walkway by Johnson's Arts Center.

Junior AnnMarie Parsh naps on the balcony at Kappa Delta during a sunny afternoon.

1902: President Cramble's 1st of 17 years in office brings water, electric, telephone and trolley service.

1907: Four years of preparatory work is one of the admission requirements set in place this year.

1915: Bethany College is placed on the approval list of colleges by New York, Ohio, and Pennsylvania this year.

1918: The controversial Student Army Training Corps begins, resulting in the Student Strike of 1919.

1919: Cloyd Goodnight is named president of the college and serves the institution until 1932.

1921: Bethany College is W.V.'s 1st accredited college by the Association of Colleges of the Southern States.

1926: The North Central Association of Colleges & Secondary Schools accredits Bethany College.

1932: President Goodnight ends his 13th year; an administrative committee will preside for a year.

1933: Bethany is accepted by the American University Women; also 1st year of comprehensive exams.

1934: President W. Cramblet, who at 21 gained a Ph.D. from Yale, began his 18 years of leadership.

"Biz"

From **The Tower to Rolling Stone** you can find articles concerning the latest in the generation gap of speech. Slang! "Bevy" may be today's craze. "Cool" yesterday's. But what about "Biz?"

"Biz" dates as far back as 1897 and was used quite frequently until the 1930's. "Biz" has been called a germ which all Bethanian's catch. And a sweet smelling rose with the "risk of the pricked finger." We may not use the term, but picture the first day of Spring at Bethany. I bet you'll see Bethanians spending the day at "Biz."

"Bethany, and everything, quality and person connected with her, means business. 'Biz' is thing, quality and person. Ergo, 'Biz' means business. Thus Profs. Aristotle and (. . . Dr. Myers.) Before the light of co-education dawned on Bethany, students absent too long from town and classes excused themselves to the Faculty thus: 'On Biz.' Hence the term."— from 1898 Meteor, the yearbook.

1938: This year students welcome the addition of the business administration major to the curriculum.

1940: 400 Students, from 15 states and 5 foreign countries, are enrolled during Bethany's 100th year.

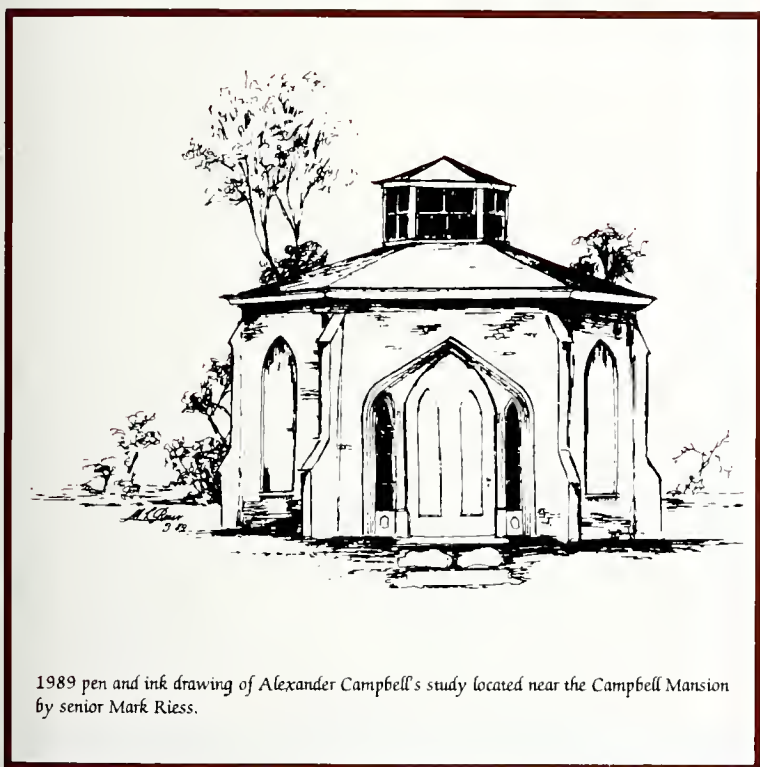

1943: The U.S. Navy selects Bethany College as the location of a V-12 Training Unit on July 1.

1944: A "Post-War Planning Committee" is organized for the upgrading of the Bethany campus.

1952: Dr. Wilbur Cramblet resigns. Bernal R. Weiner becomes acting president for Bethany until 1953.

DEAR OLD BETH'NY

Oh Beth'ny, Dear Old Beth'ny

We love thy hills so green,

Where thou dost sit in beauty

A fair and graceful queen

We love thy golden sun

We love thy skies so blue,

We love thy twinkling starlight,

Thy silver moonlight too.

We love thy stately buildings,

Thy graceful Gothic tow'ers,

We love thy dear old Cor'dor,

Where passed such happy hours.

We love thy spacious campus,

Thy grass and blooming flow'rs,

Thy winding walks and gateway,

Thy lovely leafy bow'rs,

We love the hands that built thee,

We love the souls that planned,

And those who now sustain thee

With means and heart and hand.

"The more we study the more we discover our ignorance."

Old Main Today . . . The centerpiece of academic buildings on the Bethany College campus and a nationally registered historic site, Old Main is one of the earliest examples of collegiate Gothic architecture in the United States. Built in the mid-1800's, it has undergone more than \$3.5 million worth of restorations and enhancements.

1953: The Gresham Years begin as Perry Eplet Gresham is named president serving until 1972.

1960: The next decade dedicates campus sites to famous college presidents, faculty members and alumni.

1967: Announcement of plans for the Bethany Leadership Center, a major tri-state area meeting center.

1970: This year honors Bethany's Old Main as it is listed on the National Register of Historic Places.

1971: Bethany College introduces its own educational approach as The Bethany Plan is initiated.

This photograph, taken about 1890, shows Old Main with its terra cotta chimney pots and a faceless clock. It was not until 1904 that alumnus Earl W. Oglebay made a gift of the Tower clock, and it was 38 years later that the clock was rebuilt and electrified.

Last Century-And This

— This article is reprinted from the 1940 *Bethanian*, during Bethany's Centennial year. Although some of the phrases may be a little out dated, we, the Editors, feel that the basic ideas of this article still hold true.

The "Hundred Years" have rolled- and the first hundred are reputed to be the hardest. It has been a tough hundred years. Although the years have merely rolled, Bethany has climbed. In its long climb the college has met adversity and even failure. Bacon claimed prosperity discovers vice; adversity, virtue. Andrew Carnegie said that failure should be stepping stones to success. Both were right. Bethany has virtue, and Bethany will succeed. Its traditional ideals and purposes have been the essence of strength and effectiveness. Alexander Campbell's vision is being materialized.

Another hundred years has started to roll. But Bethany must not roll, coast with the years on its past record. Bethany must continue to climb. She can not stand still, nothing can stand still; she must either climb or decline. Bethany must progress- spiritually,

academically, socially, and physically.

A college is made by its students. The best professors in the world, having the best equipment in the world would not make a college. It takes students. Good students.

It is up to us. We, the students, can make or break Bethany. We must be good students. That doesn't mean that we must merely stand high academically; but that must be faithful Bethanians, conscious of the fact that we must make our college not only the best academically, but the most pleasant, the most desirable institution to which to come for an education. We can do this by being our best in athletics, extra-curricular, and social activities. We can do our best by not doing any one of these too much or too little. Be neither the athlete who is a social bore, nor the social hound whose one feat of dexterity is balancing a teacup. Be neither the brain who can't find time to date, nor the jitterbug who can't find time to study. Find time for a well-balanced college life.

Last century belongs to the past. This century is ours. They did a good job with their hundred years. Let us do a better one with ours.

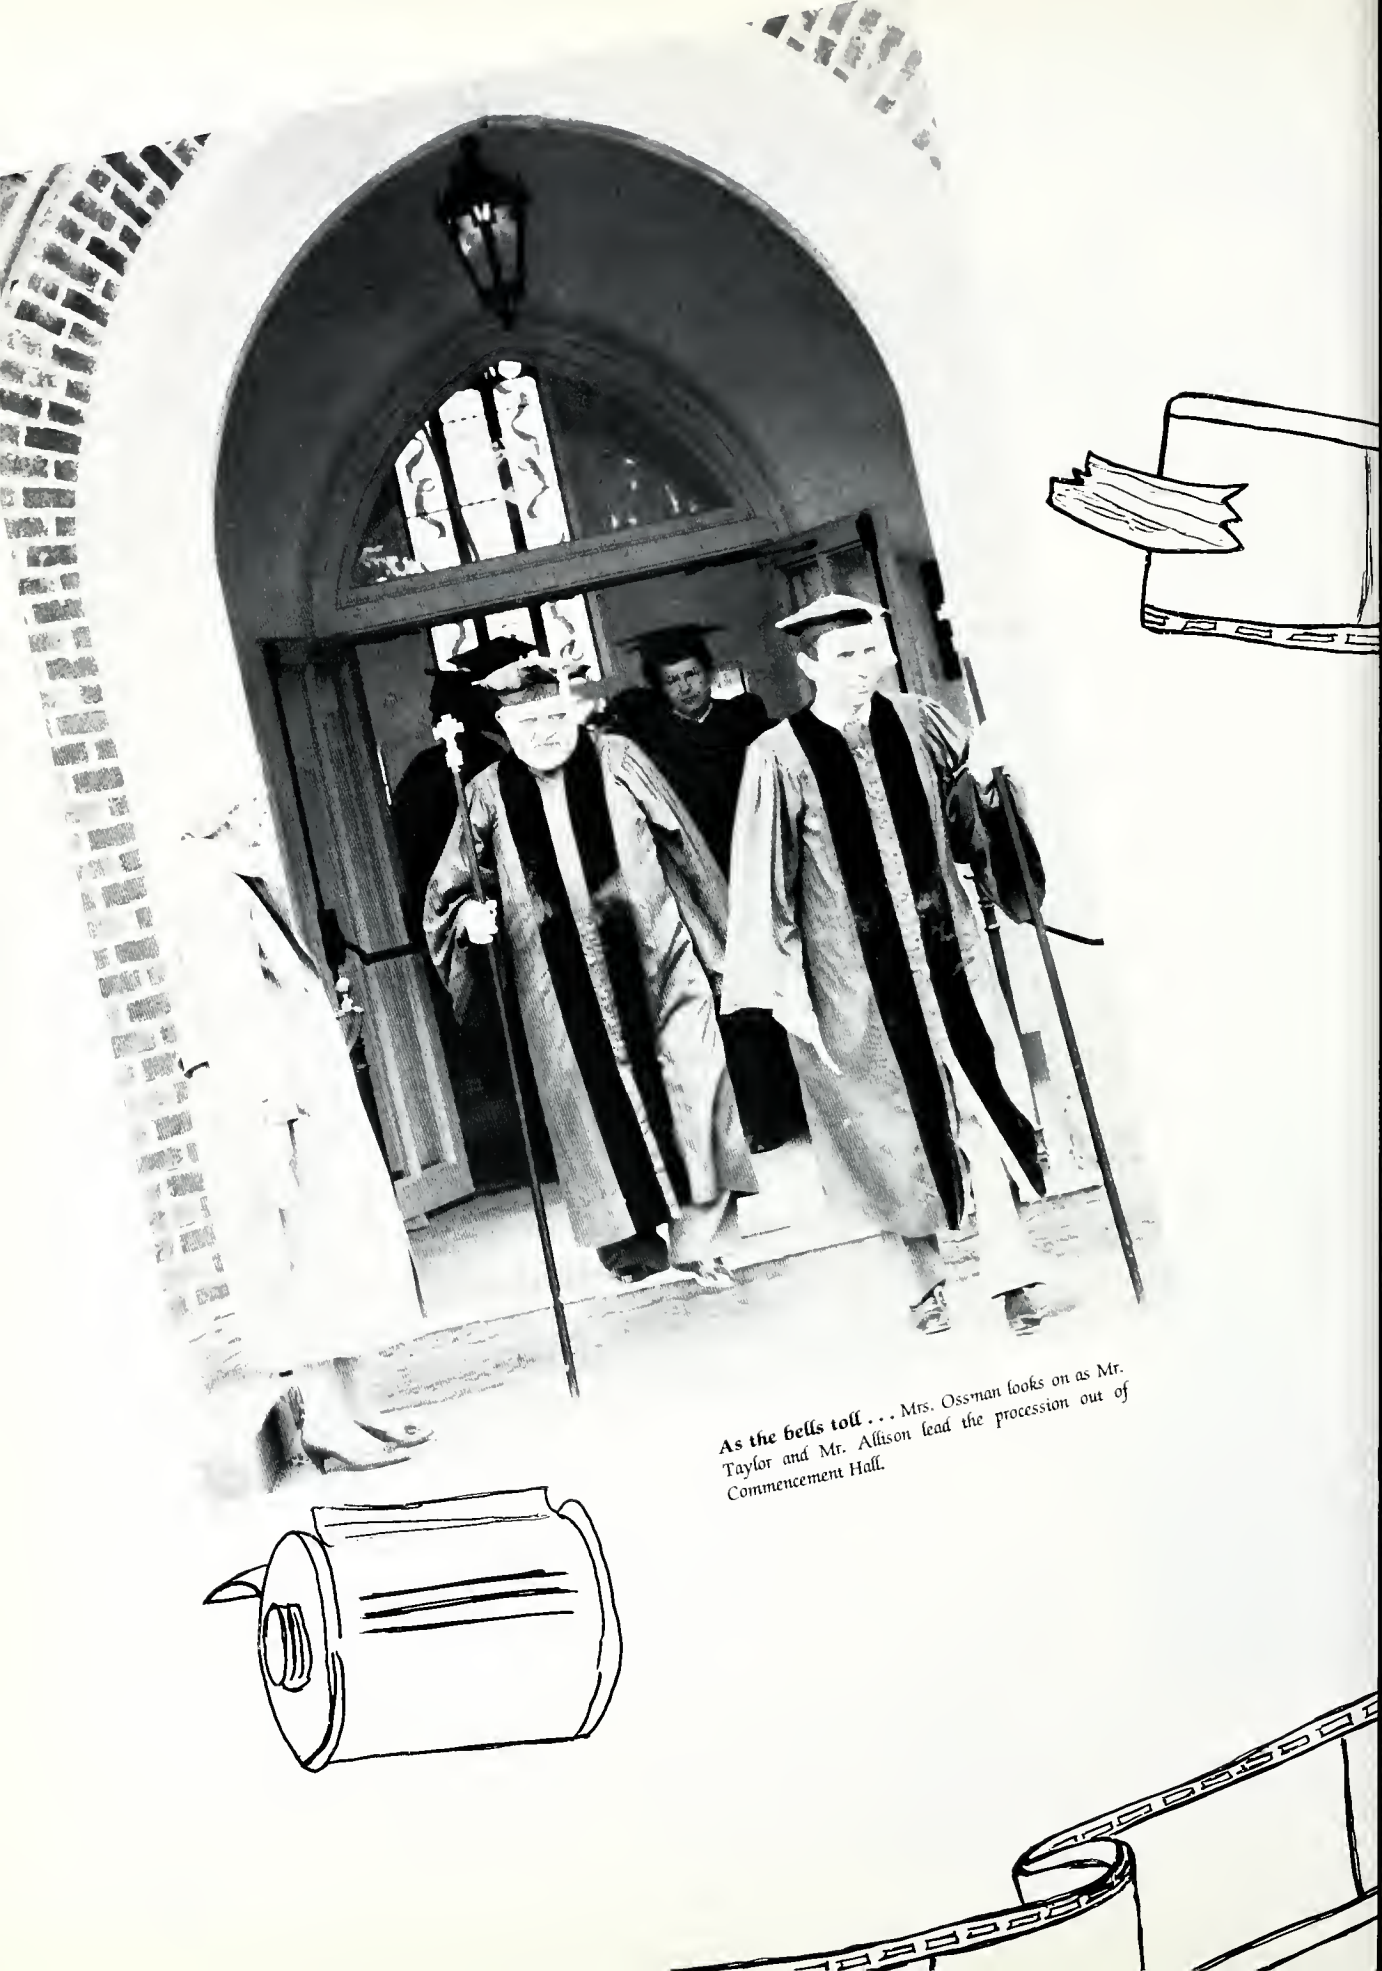

1975: Pendleton Heights (the President's home) joins Old Main on the National Register of Historic Places.

1976: This year honors The Campbell Mansion, as it is placed on the National Register of Historic Places.

1982: Bethany College initiates its "Perspectives Program," a refinement of the original Bethany Plan.

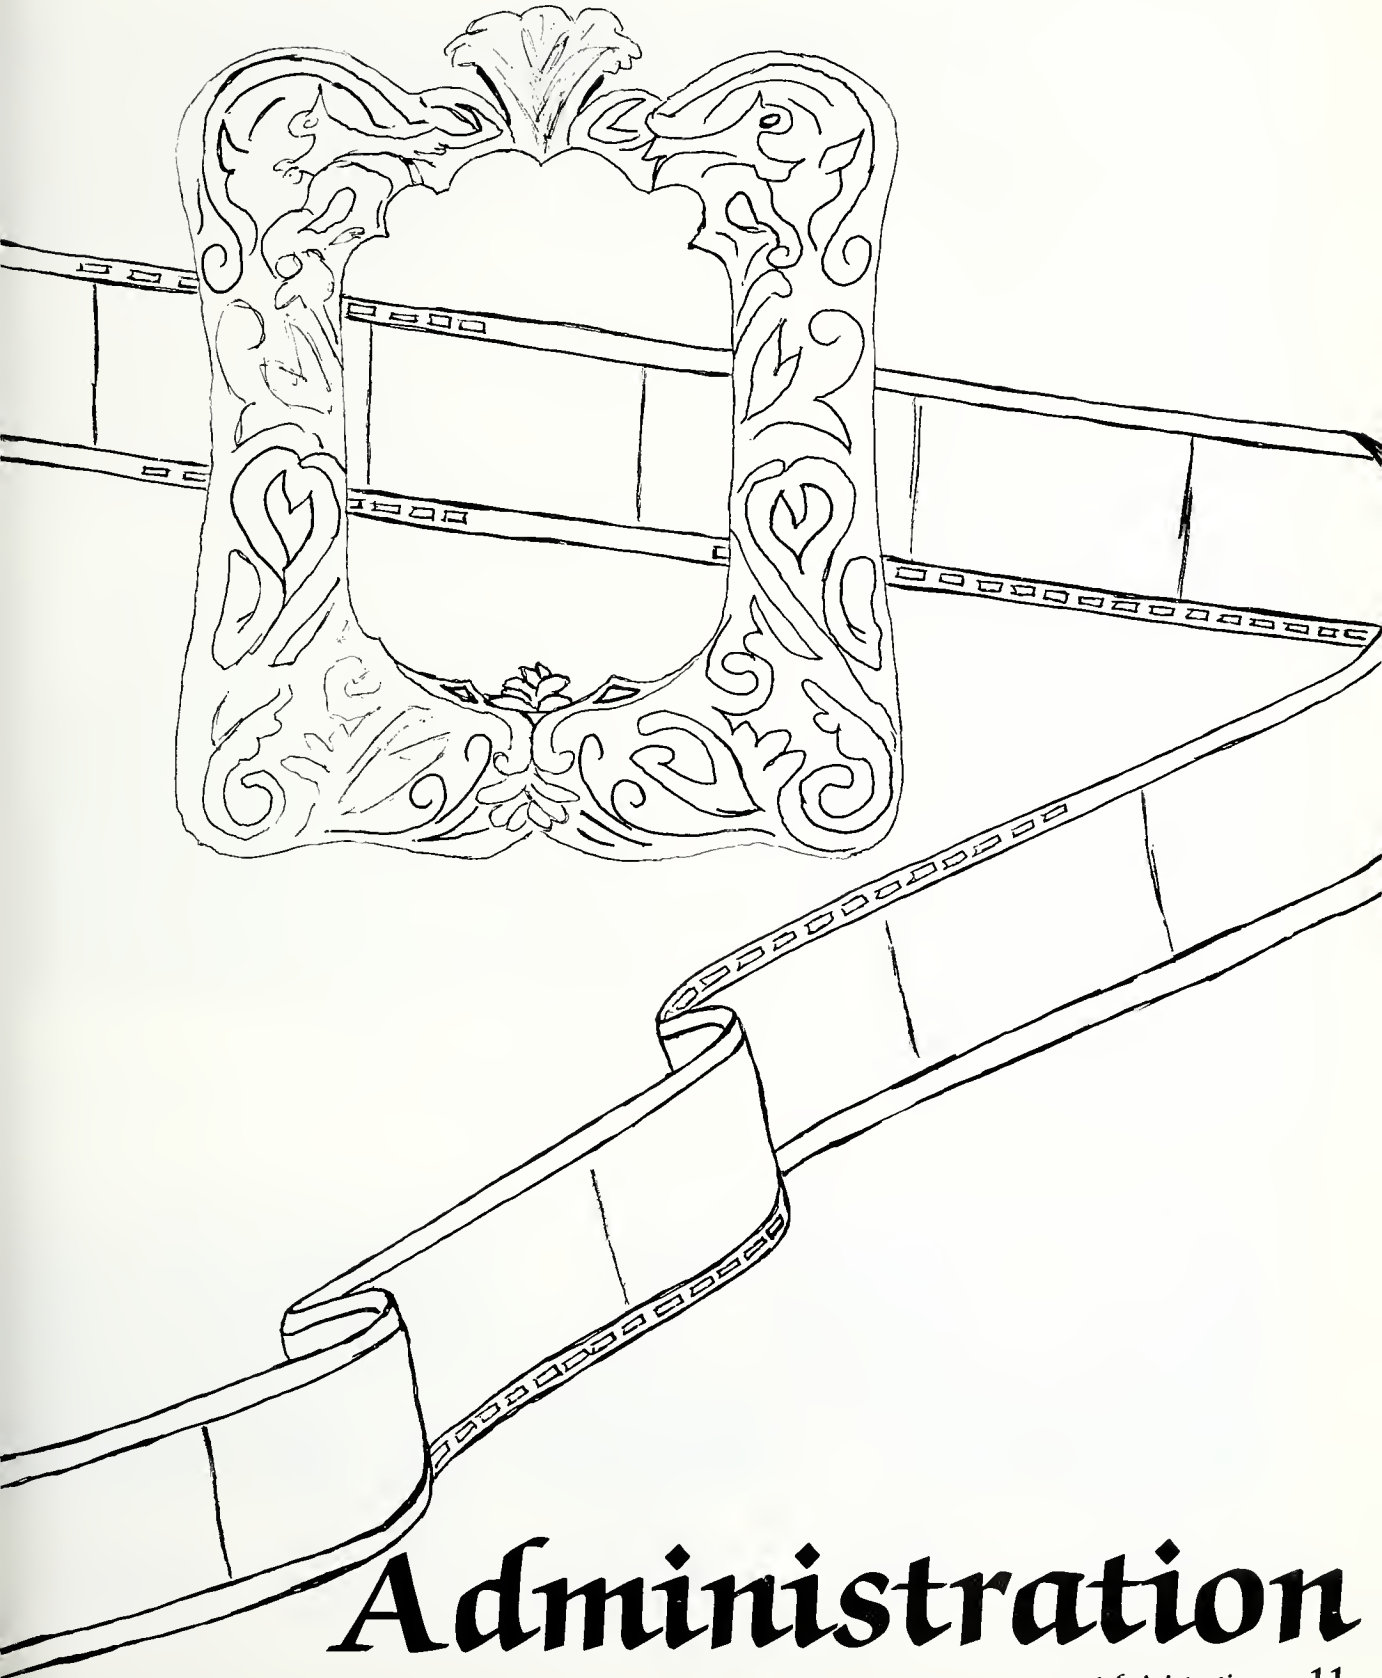

1988: This year Bethanians welcome Dr. D. Duane Cummins as the sixteenth president of Bethany College.

1990: Bethany College celebrates its Sesquicentennial Anniversary.

As the bells toll . . . Mrs. Ossman looks on as Mr. Taylor and Mr. Allison lead the procession out of Commencement Hall.

Dear Bethanians:

The natural line of vision for Bethany College is always toward the future. Her history is marked by bold vision, by scholarly excellence, by an abiding concern for social justice, and by always being on the cutting edge of educational reform.

Today, Bethany is refining the learning experience to address the global and interdependent world of the 21st Century. These refinements include an emphasis upon foreign languages; a subtle shift in the business-economic curriculum toward international trade, managing technology and managing work forces; a modification of the Religious Studies curriculum toward an understanding of multiple faiths in multiple cultures; and a serious effort to foster civic and ethical values to counter the high self-regard of our day. The list of learning refinements is much longer, but these examples reveal Bethany in the vanguard of educational planning for the coming age.

Those of us at Bethany are committed to serve the great ideals and the rich traditions of Bethanians past; to guide the journey of the mind and heart of Bethanians present; and to explore the frontiers of knowledge for Bethanians future. We are delighted to have you aboard as we prepare to enter the world of tomorrow.

Grat-fully,

D. Duane Cummins

Alexander Campbell insisted that men (and women) make colleges, not brick and mortar. Architectural history is interesting and Bethany has some good landmarks, but the more interesting story is about the people who built those buildings, about those who taught and learned on our historic campus.

When I look back I think of people like W.K. Pendleton who served the college in top leadership for 40 years. Or, James Lane Allen, American author who taught here on his way to notoriety. Then there was Amos Dolbear who experimented with the telephone in Old Main even before Bell's patents. In my own time I think of professors like Bernal Weiser whose basic text in Biology was used at most colleges in the country during the 1950's. How we miss such master teachers as Richard Bruce Kenney who was named the outstanding professor of the year so often that the award was renamed after him. And, of course, the indomitable Pearl Mahaffey.

I think of students who walked off campus in protest of required military training in 1916. And in the 1970's I think of student protest that probably changed the course of a nation. I think of student organizations such as fraternities and sororities that have persisted year after year until they are among the oldest organizations in the State.

Bethany's alumni are certainly part of the story. Even Tom Posten's claim that it was he that took a heifer up into the Tower has its place in Bethany lore. Sarah Cannon was a high school journalism teacher who lived frugally saving everything to establish a scholarship fund at Bethany by her will. We should never forget Champ Clark who waited tables in the old Bethany House to get through college, and later became Speaker of the U.S. House of representatives... and almost made President. Faith Daniels at CBS News and Fran MacDormand in "Mississippi Burning" are such on our minds today, but every generation has similar leaders. Bethany can claim a Governor of New York and a member of the British parliament.

The story of Larry Hummel will live forever; a groundskeeper who left the College \$1.3 million because he liked the students. Michael Late Benedum was a West Virginia "wildcatter" whose foundation not only built Benedum Commons, but such of Richardson Hall and more recently upgraded television studios and equipped other communication programs. And I shall never forget the enthusiasm of Grace Phillips Johnson on her many visits to the campus, and more recently the visits of Winifred Clive, her daughter who joined with other family members to make the visual arts center a reality.

Bethany's Trustees are a special lot. Many know the story of M. M. Cochran and Earl Oglebay, but few remember the dedication of Helen Househalter whose husband was also a Trustee and Helen Wykoff whose family built Irvin Gymnasium. I cannot think of our Trustees without reflecting on the quiet generosity of Bill Hoag and the plain "old fashioned" dedication of Michael Kasarda.

Looking back is so easy when you begin to think about people. Frankly, the foregoing doesn't scratch the surface, but reflection should be taken in small doses. People are the interesting quotient at Bethany.

Dr. Judy Receives Chair

Dr. David Judy has been named the first recipient of the newly-established Jennie Steindorf Renner Chair in Fine Arts.

Last fall, during President Cummins inauguration, he announced the Renner Foundation was considering a gift of \$750,000 to the college to establish the chair in honor of Jennie Steindorf Renner, a Bethany alumna who lives in Cleveland, Ohio.

Dr. Judy, who has been a member of the Bethany faculty since 1967, said, "I'm so pleased to be the first to hold this chair and I am also pleased to have this attachment to the Renner family, a family with a strong commitment to Bethany College. I am proud to be the carrier of their mandate".

Dr. Judy has his B.A. in Theatre from Dennison University and his M.A. in English from Western Reserve University. His Ph. D. in Dramatic Literature is from West Virginia University. He has also studied at the University of Pisa, Italy, the University of Mexico and Exeter College, Oxford.

Before joining the Bethany faculty, Dr. Judy was Head of

English and Dorm Master at Linsly Institute and was head of the English Department at The American School in Pisa, Italy.

Dr. Judy has received fellowships for leadership training in opera production, study of the London stage and for special programs at Bethany.

While at Bethany, Dr. Judy has directed over 70 productions and has directed productions for Ogelbay Institute, West Virginia University and for the Canton Theatre Guild.

At Bethany, Dr. Judy has taught classes in English, Theatre, Interdisciplinary Studies, Foreign Languages and Education/English.

Dr. Judy has been the recipient of the Faculty Recognition Award from the Alumni Association. During the 1970-71 academic year he was named Professor of the Year. Dr. Judy was named Teacher of the Year while teaching at The American School in Pisa.

Jennie Steindorf Renner and her husband, the late Dr. R. Richard Renner, are both graduates of Bethany, Class of 1922.

Buckelew Finds Rare Plant

Dr. Buckelew shows volunteers how to plant a tree.

While on a nature hike last summer, Dr. Albert R. Buckelew discovered a new location of Running Buffalo Clover, a rare plant, in Randolph Co. West Virginia.

The new location of the plant is only the third to be found in West Virginia. It was thought to be extinct before 1983 when a small crop was found in Fayette County.

Dr. Buckelew made his discovery while participating in a hike with fellow Brooks Bird Club members as part of the club's annual foray at Beverly, W.Va. The club's purpose is to make an exhaustive study of the flora and fauna of West Virginia. The foray is held in a different location summer, according to Dr. Buckelew.

Brian McDonald Coordinator of the West Virginia Department of Natural Resources Natural Heritage Program, said, "Dr. Buckelew is only one of a handful of field biologists in West Virginia capable of identifying the clover. We are very pleased to have Dr. Buckelew working with us toward our goal of maintaining the full range of natural biological diversity in West Virginia".

Dr. Buckelew is a Professor and Chair of the Department of Biology at Bethany.

Merrick Accepts Position

Steve Merrick adjusts a wire at the site of the time capsule.

Steven R. Merrick recently was named Director of Alumni Relations for Bethany College.

Merrick assumed his new position in July after serving as alumni director of Chapman College for the past two years.

Regarding Bethany's sesquicentennial celebration Merrick said, "This is an exciting time in Bethany's history. To enhance the alumni program and have it play an important role in this vision will be our main focus."

When making the announcement President Cummins said, "We are delighted to welcome Steve and his family to the Bethany community." He added, "Steve has a strong commitment to the involvement and participations of Bethanians in the daily life of the College and we look forward to his expertise and leadership in our alumni programs."

Merrick received his B.S. degree from the University of Minnesota and his M.S. degree in Public Policy and Personnel Management from the University of Wisconsin.

Merrick's past experience also included serving on the staff of the Alumni Association at the University of Wisconsin and the University of New Mexico.

Merrick is a member of the Council of Alumni Association Executives, Council for the Advancement and Support of Education and the Executive Committee of the New England Alumni Trust, Inc.

He spent six years as an active duty United States naval officer, serving aboard a Navy destroyer and as an NROTC instructor. He is presently serving as a Lieutenant Commander in the U.S. Naval Reserve.

Merrick and his wife and three children are now making their home in Bethany.

Goulding-Woolery Professor

Dr. Milton Smith Jr., professor of Chemistry and Head of the Department, has been appointed Goulding-Woolery Professor of Chemistry.

Dr. Smith is the first to fill the position which was established this year by a gift of \$512,716 from the estate of Claire S. Goulding of Shepherdstown, W. Va.

During his inauguration President Cummins said, "It is with gratitude and pride that Bethany establishes the Goulding-Woolery Professorship and continues the legacy of those two families on our campus." He went on to say "We are also proud to name Dr. Smith, a chemist of great merit, to the position."

Dr. Smith has a B.S. degree in Chemistry from Sul Ross State University in Texas and earned his Ph. D. in Chemistry from Texas A&M University. Before coming to Bethany in 1973, Smith was an instructor and laboratory supervisor at Texas A&M.

Dr. Smith has been awarded several National Science Foundations grants and awards, including one which provided funds for him to construct a mass spectrometer for the college.

Smith has authored and co-authored more than 20 articles for professional publications and has been invited to make presentations at other colleges and before the American Chemical Society.

He is a member of Gamma Sigma Epsilon, Phi Lambda Epsilon and Phi Kappa Phi.

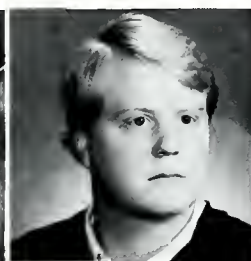

The late Mrs. Goulding was the granddaughter of W.H. Woolery the third president of Bethany College serving from 1887-89. She was the niece of W. Kirk Woolery who served the college from 1921-46 as Professor of History, Political Science and Economics. He also served as Dean of Provost.

James W. Carty Jr.

The 28th annual Communications banquet was to have been a retirement banquet for Professor James W. Carty Jr., instead it was a tribute to the beloved Bethany professor.

Mr. Carty died April 14, 1990 after suffering a heart attack.

During his 31 years at Bethany, Mr. Carty held several positions. The positions he held included past Head of the Communications Department and Public Relations officer for the college.

Mr. Carty also served the community of Bethany. Nine years ago when Bethany needed someone to serve as judge for the community, Mr. Carty was the person the mayor asked to fill the position.

Mr. Carty was well-known all over the world. He had visited over 31 countries. He was best known in the Latin American countries where he and his wife, Marjorie, were known for their involvement in the field of Latin American literature.

His first Latin American assignment was as a Fulbright-Hays lecturer in Nicaragua in 1963. He later lectured for the U.S. Information Agency, the Organization of American States and for the World Literacy Council of Churches.

Mr. Carty lectured in Bolivia, El Salvador, the Dominican Republic, Cuba and many of the Caribbean Islands. He was interested in the whole world but he paid special interest to the Latin American countries.

In 1986, the Evangelical Seminary of Puerto Rico paid tribute to Mr. Carty when he was granted an honorary doctorate from that institution. He was honored for his international teachings and writings. At the same time The Carty Communication Lectureship, the first in religious journalism, was established.

James Carty as pictured in the 1975 Bethanian. He was Chairman of the Communications Department.

Mr. Carty is responsible for helping make the Communications Department what it is today. He started many of the requirements still used today. It was during his years as department head that the foreign language and internship requirements were added.

Bethany College students were not the only ones to gain from Mr. Carty's knowledge in the past 31 years. During that time he also taught college courses at the West Virginia Maximum Security Prison in Moundsville. He even volunteered to teach these classes when funding was doubtful. He was one of the driving forces behind the program that lasted for 10 years.

The best way to find out about the real James Carty is to see what students and friends have said about him.

Faith Daniels was one of Mr. Carty's favorite students. He never forgot her and she never forgot him either. She wrote the following in a letter to all Communications alumni telling them about the retirement banquet, "If you're a Communications major, you undoubtedly heard these words from Jim Carty: 'You'll never make it in this business.'" It was an eye opener that really worked. When the head of the department tells you that you're doomed to failure, you either slink away with your tail between your legs or you come out swinging. If you ended up cowering in the corner you probably wouldn't have made it in this business anyway. If you battled your way back, you came out stronger for it."

Peter Jensen, Class of 1981 said, "I would have never written this as a student but I owe a lot to Jim Carty. As a freshman I once complained to the Dean of Faculty about him. Today I thank him for teaching me how to write. He was that kind of person, new students hate him, alumni love him."

In a column written for The Tower, Dale Roberts, Class of 1990 said, "His style was truly unique. It was subtle and soft-spoken. The more I figured him out, the better I did in class. It was around that time that he became more than a professor, he became a friend."

Matz Malone, columnist for the Steubenville Herald-Star and a friend of Mr. Carty's wrote the following in his April 21 column. "He taught more than the who, what, where, why, and hows of journalism. Young people learned about their craft from Jim as well as learning their craft."

Malone added, "He worked with his students. He molded them, much as a good writer molds and shapes a good story. He worried over his charges and worked with them to get the best from them. . .and he usually did get the best."

A former student, Linda Comins, columnist for the Wheeling News-Register, said this about Mr. Carty in her April 22 column. "To have been one of Mr. Carty's students was a privilege and, for many, it was a life-changing experience. He inspired thousands of students and taught them to be skillful, ethical communicators and prepared them for the working world."

In a tribute during the Communications banquet Biology professor Gary E. Larson said, "Jim was always teaching, even new faculty members. I remember that he and Dr. Weimer taught me to love and cherish Bethany. He constantly reminded me to save the press clippings he wrote and at times I was amazed at the quotes he had me saying."

A current student said, "One of my proudest moment was when I got and 'A' on a story I wrote for Mr. Carty. It was the only one so I kept it."

The following is a prayer Mr. Carty often used which reflects him, "Oh God, our Creator, for the wisdom above us, the beauties around us, the friendship among us and the love within us, we give you thanks. Amen"

Pendleton Heights as it stands today. Strong in its illusion of permanence.

“The Heights. . .”

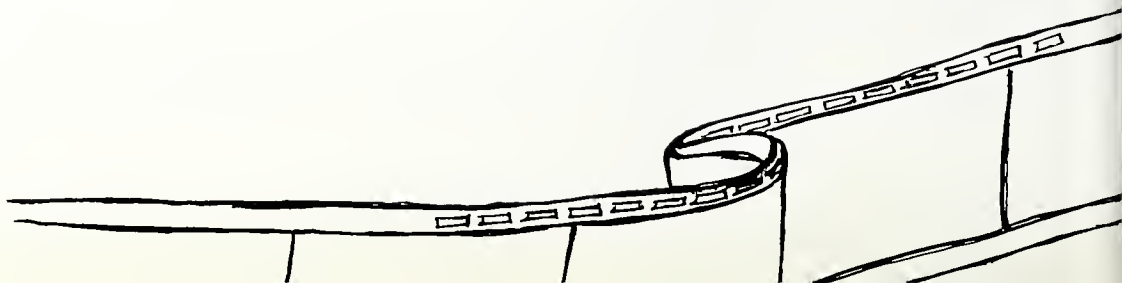

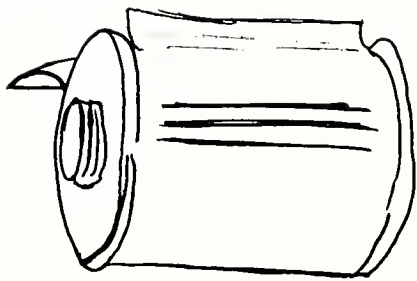

Pendleton Heights stands on the hill to the left of Stienman as you are coming up through the Oglebay Gates. The Mansion is a three story house and the official residence of Bethany College Presidents. Current president D. Duane Cummins and his wife, Suzzi, make their home there. The house was recently remodeled and now the third floor is open for student use, with a television, VCR, and a film library.

Pendleton Heights was built in 1841 by William Kimbrough Pendleton. Mr. Pendleton was the college's first vice president and professor of natural philosophy. In 1866 Mr. Pendleton succeeded Alexander Campbell as president, and in 1889 he sold the house to the college. For two years the Mansion was used for women's housing then served, as it has ever since, as the president's home. And in 1975 Pendleton Heights was listed in the National Register of Historic Places.

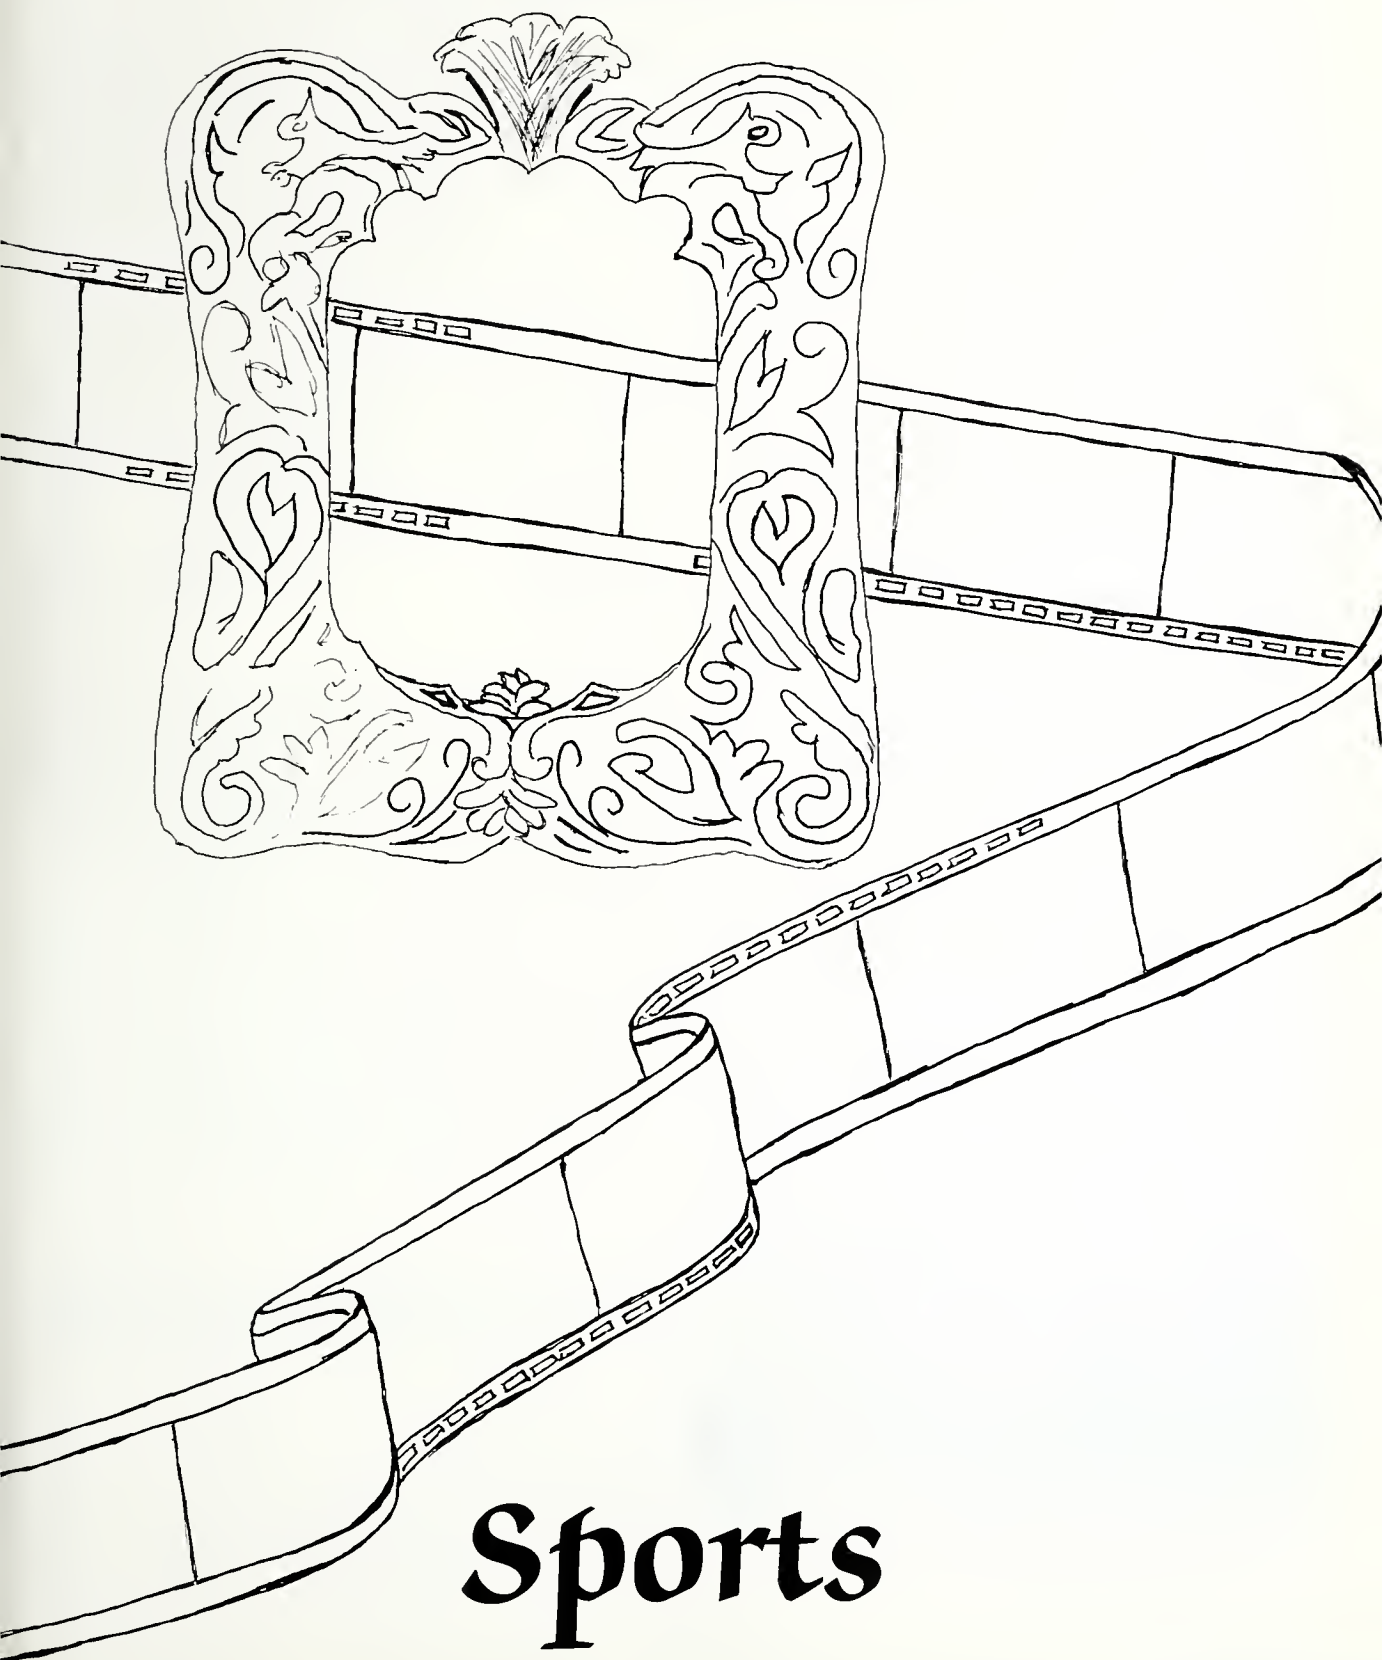

The comfortable chair represents the warmth and kindness that guests feel when welcomed into the Heights.

FOOTBALL

The Bethany Bison, lead by Coach Wally Neel, had eight football players named to the All-Presidents' Athletic Conference teams.

Quarterback Jamie Hamm, co-captain and wide receiver Dan Reilly were honored with First Team status. The Second Team nominees were defensive lineman Brian Kolb, co-captain, and free safety Dan Bradley. Defensive Honorable Mentions go to John Cominsky and Eric Yeloushan. Offensive recipients were center, Rich Duncan and running back, George Terry. Also, Reilly was voted the team's Most Valuable Player at the conclusion of the season.

The Bison finished the season with a winless, 0-9, 0-5 in the PAC. This year's squad loses eleven seniors to graduation, including Cominsky, Duncan, Hamm and Kolb.

Coach John Cunningham led the 1989 Bethany College Men's Soccer Team to a great season once again this year. The team had an overall record of 11-3-2 and went into the All-Presidents' Athletic Conference (PAC) with a 3-0 mark.

Cunningham's coaching record fell two wins short of a 200 winning mark in his 22 years of coaching with a comprehensive record of 198-69-17. For the fifth year, consecutively, he was voted PAC Coach of the Year.

The Bison were intermitted at Fredericksburg, Virginia in the first round of the NCAA Division III South Region Playoffs by host Mary Washington College, 2-1, breaking Bethany's 10 game

winning streak.

With 15 returning letterman and 13 returning starters, the Bison successively held on to its league title for the eleventh year. The top scorer of this season was forward Jon Ault, who scored 13 goals, six assists and totaled 32 points for the team. Seniors Eduardo Ibanez, Gunther Schuhmann, Shawn Thompson and Dan Blank gave the men's soccer team a great advantage as they completed their final year with Coach Cunningham.

Schuhmann and Thompson were the Team Captains. Assistant Coaches included Patrick Zambito and Eric Swanbeck. And Tom Jingoli served as the Team's Student Manager.

Senior Co-captains Robin Sayre and Heidi Fakes joined by sophomore Holly Jo Sensenich were honored at the All-Presidents' Athletic Conference (PAC). Sayre captured her 3rd PAC honor as a First Team All-Conference outside hitter. Fakes gained Second Team honors finishing her collegiate net career at the top of both Bethany and PAC blocking statistics. Outside hitter and setter Sensenich was rewarded for her efforts with Second Team honors. Coach Lisa Campanell-Komara led the Lady Bison to finish the season with a 12-26 record. They ended the conference play at 4-4 and tied for second place with Carnegie Mellon University.

Notes:

Head coach Jim Zalacca's crew got a balanced scoring attack this season with many players averaging in double figures. The team finished up with an overall record of 8-16 and an overall PAC of 3-5.

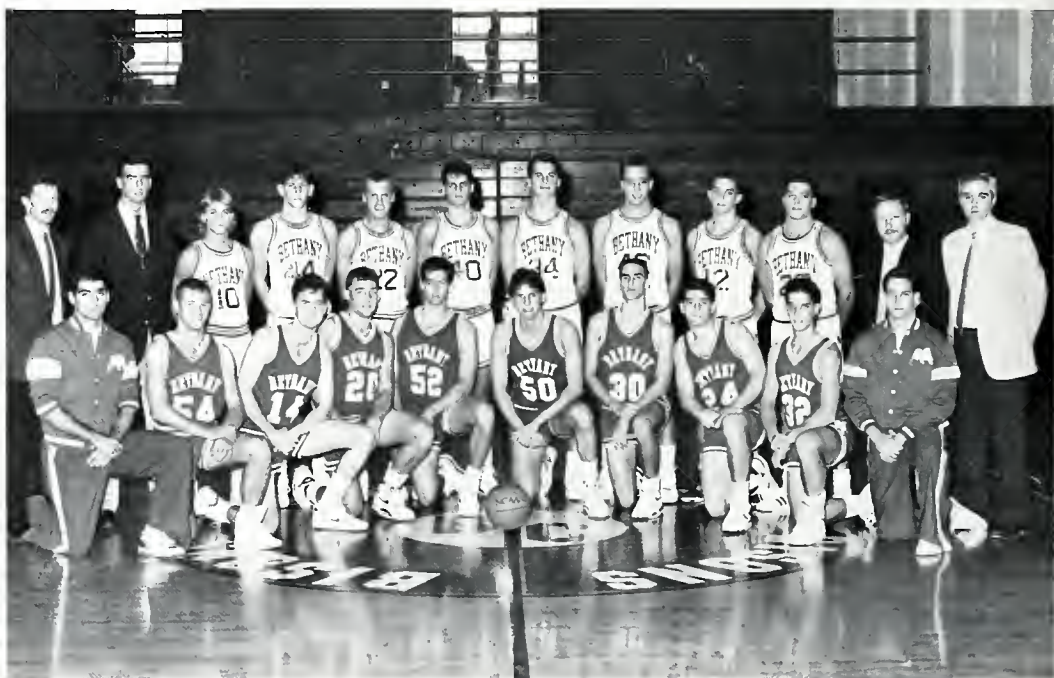

Chris Geruschat, from Sutersville Pa., averaged a 12.6 ppg for the year with starters, sophomore wing Al Palsa, Aliquippa Pa., with a 11.1 ppg and senior point guard Don McFarland, Pittsburgh Pa., with a 8.6.

The team had a great season and Zalacca feels that the future of Bethany's roundball will only prosper.

The Bison Gridders faced their worst season in years (0-9) but one could not tell it by watching the 'noise behind the boys.' The 1989 Football Cheerleading squad performed chants and stunts that kept the crowds excited and routed their guys on. A few memorable exciting 'getters' were "the twist", basket tosses, Bethany's first real pep rally where the cheerleaders arrived on fire trucks and danced to a mix of "Dance On and Shake It" and Bison Butts.

New to the cheerleading tradition this year was the introduction of a Junior Varsity squad. They cheered for the JV games and combined with the varsity squad for big games and the pep rally.

Advisor to both squads was Coach Jan Forsty. She introduced the JV squad to make Bethany Cheerleaders a larger, distinctive group and to keep building on Bethany's Tradition.

Under the watchful eye of Head Coach John McGown swimmers set three new records for the Bethany College swim team at the Presidents' Athletic Conference (PAC) championship held this year at Grove City College. Matt Tucker set the 500-yard freestyle record with a time of 4:57.15. As a member of the 200-yard medley relay team Tucker and team members, Gus Schnell, Ed Coleman, and Don Calder established a new record of 1:48.38. And Paige Pertz's time of :26.63 in the 50-yard freestyle set the third record.

Both the men's and women's team finished the PAC meet in fourth place. The men's team received 238 points and the women's team finished with 287 points.

Coach Joe Lesem stated that "This year's team has done the best in my three years of coaching at Bethany."

The team as a whole did a great job in winning it's first meet in three years. Victory was found at the first meet of the season, held on October 2, 1989. Team captain, Jeff Jeglinski, finished in first place overall with a 30:30 time on the five mile course. Alan Sims came in for a second place finish at 31:40.

The Lady Bison runners also notched a win. Tina McHenry came in with an overall second place finish of 25:37. Jen Ellek, Jodi Wolfe, and Colleen Daugherty all complimented the team this season in their own ways.

The Cross Country Team had a great season and looks forward to better and greater success next year, as most of the team will be returning.

The Past

Bethany Selects Athletic Director

Donald Turner has been named new head football coach for the Bethany Bison. He was also named Athletic Director and Chair of the Department of Physical Education.

After receiving the applications of 51 people the college selected Turner who most recently served as head football coach at the University of Dubuque, Iowa.

"Donald brings a broad range of experience, outstanding academic credentials and a solid record of success" said President Cummins.

Turner has coached many sports in the past. He has coached wrestling, track, basketball, baseball, tennis and rodeo as well as football at both the high school and college level.

Turner has experience other than coaching. He has served as director of athletics and chair of the Health, Physical Education and Recreation departments at other colleges.

Turner also has experience in other fields. He has written, directed and moderated a weekly television, written a weekly newspaper column and has volunteered as a coach and official.

Turner's undergraduate degree is from Monmouth College, Illinois, and his Master's degree in Physical Education is from Illinois State University. He completed his doctoral work at the University of California at Santa Barbara.

Turner is a 28-year member of the American Football Coaches Association and a member of the National Football Coaches Rules Committee, the National Collegiate Athletic Association, the National Association of Intercollegiate Athletics and National Association of College Admissions Counselors.

Turner and his wife Louise plan to live in Bethany.

Activities

WVBC

WVBC is the campus' radio station. It features progressive music and adds a unique touch to all of its shows through the talents of the student disk jockeys. One DJ described the purpose of WVBC as being, "to play hip tunes as loud as possible and get away with as much as we can."

WVBC sponsored record giveaways and a T-shirt sale. They also featured a new studio and the "3-D Morning Show." WVBC was very busy supplying the campus with quality listening experiences.

The Tower

The Tower staff provided the campus with the latest news through their weekly publication of the newspaper. Many people enjoyed the comic strips that were the creation of their peers and the humorous stories that even made lunch at the cafe fun. The staff worked throughout the school year to give the campus their own unique newspaper. This year a new system of change-over was initiated with Lori Moran as editor until spring break and Alecia Sirk taking over until next Christmas.

Row 2: Ed Liberatore, Lisa Stanzak, Terri Dugan, Joanne Jacobs, Corey Kerr, Bill Burr **Not Pictured:** Shonna Shelton, Lisa Wise, Karen Keenan, Kelly Rothenberger

The Resident Assistant staff planned many activities for the campus. The RA's sponsored the Freshman Olympics, "screw your roommate parties", bonfires, barbecues, and pizza parties. They also planned educational programs on such things as Relationships, Stress Management, Safe Sex, and Alcohol Management. Head RA's Kim Deely, Brian Cunningham and Penny Sykes along with Program Director Terri Dugan did well this year.

SADD

Students Against Driving Drunk, SADD, was the newest club on the campus this year. SADD's purpose is to promote campus awareness and initiate action concerning the problem of mixing drinking with driving. SADD was formed by a group of freshman students who were involved with SADD at the high school level and thought that it was important to continue their involvement. We wish them the best of luck in this effort.

Circle-K

Circle-K is a volunteer organization sponsored by Kiwanis International. Their motto is "Caring enough to make a difference." Circle-K planned a fall training conference and attended the West Virginia District Convention. They also sponsored an AIDS Awareness Week and a Peace/Earth Day Dance. And as always they were the dedicated sponsors of Saturday School- for the underprivileged children in the community.

Students Offering Support, SOS, is a club to help students on campus meet their needs. They also act as a referral system to other resources in the community and on the campus. The students along with their advisor, Kathy Coram, sponsored workshops on topics of interest to the campus population, such as programs on eating disorders, incest, and self-esteem. They also attended the Co-Dependency workshop at the Wellness Center in Wheeling.

Amnesty Int'l

(l-r) Mish Paull, Joelle Park **Not Pictured:** Peter Jessic, Megan Matthews, Dana Bucklew, Jen Elleck, Liz Babson, Amy Chisholm, Shelly Anderson, Devyn Olson-Sawyer

Amnesty International promotes awareness of the suffering due to political oppression. This year the club sponsored a showing of the Oscar award winning movie "Mississippi Burning" and invited a guest speaker to the Bethany campus to lecture to students. Another activity of the Internationalists was writing weekly letters of protest to political leaders in order to gain the release of political prisoners around the world.

ISA

The International Students Association's, ISA, purpose is the cultural education of international students in order to bring them together with the rest of the students on campus. Their idea is to show everyone how many different cultures are present at Bethany. The ISA sponsored many speakers; one of which was the President Representative of the U.N. to Trinidad, Mr. Claude Perry. Also ISA held an International Dinner.

Koinonia

Koinonia is an organization of students on Bethany's campus that excels in spreading the awareness of the academic study of religion. The students of Koinonia, along with their advisor Rev. Dan Harry, sponsored many films and discussions this year. Among these was the controversial film "The Last Temptation of Christ" and during Earth Week '90 Koinonia sponsored a showing of "Koyaanisqatsi- life out of balance."

Tri-Beta is a group of students on campus that comes together in order to give support to research and to the biological sciences. This year the members of Tri-Beta went to Washington DC, and they got together to have their annual hot dog booth for Foreign Language Day. The Earth Day celebration was also largely aided by the students of Tri-Beta and they initiated T-shirt sales for the event. It was a successful year for all.

(l-r) **Row 1:** Sarah Bourdette, Dave Burgess, Carla Mae Burkhart (editor) **Row 2:** Jeannette Moninger, Mary Pashke, Becky Hall (co-editor); **Not Pictured:** Rose Humway, Gina Mediate, Dave Sloane, Chuck Wagner

The Folio is the publication of a news magazine about Bethany for Bethany. Editor Carla Mae Burkhart, senior, and Co-editor Becky Hall, junior, put together a wonderful publication in full color this year. This year's issue had the theme of the Sesquicentennial Celebration. One of the featured articles, that met with a fantastic reception, was the photo essay on Bethany fashion- a spoof on the Jeans West catalogue- that used Bethany students as models.

Photography Club

The Photography Club at Bethany was initiated this year by president Devyn Olson-Sawyer. The Photo Club bases itself upon the principle that a picture is worth at least a thousand words. The club develops their pictures and then gathers together to share their best and favorite photos. One member claimed that their purpose was "to bring peace and harmony to the Bethany campus and the entire world." Even photographers have dreams.

ACS

The American Chemical Society, ACS, is a group of students on the Bethany campus that come together to help make students more aware of the interactions of chemistry in everyday life. The Society toured Mobay Chemical Corporation this year and took a trip to Kennywood- just for the fun of it. The students got together and sold mugs as a fund raiser and they sold T-shirts for Earth Day. There were also four lecturers sponsored.

Physics Students

(L-r) **Row 1:** Abdoulie Jobe, Mike Fischer, Darius Kooros, Gary Troha **Row 2:** Rassendra Shah, Deonna Johnson, Laura Muter, Burton Brouard

The Society of Physics Students gathers together in order to promote physics in the academic community and in everyday life. The students and their advisor planned several lectures dealing with the world around us this year, they were considered of great interest to the student body. And one of their long time members, Gary W. Troha, was given the Senior Fellowship in the Physics department for the academic year 1990-1991.

The Harbinger

(l-r) Shelly Anderson, Brian Miracle, John Chillingworth, Amy Chisholm, Jack Shafer; **Not Pictured:** Dave Stillwell, Rose Scanlon, Leslie Vavra

The Harbinger is the literary magazine on campus. It is put together by a group of students that collect, read and choose the works that will be included. Ranging from poems and short stories to cartoons, drawings and photographs all are student produced. The Harbinger staff then organizes them into a magazine that is published under the name similar to the one that was made famous by Alexander Campbell's writings.

Renner Union

The Renner Union Planning Board provided entertainment for the campus this year, as they do successfully every year. The students of Renner Union and Miss Nicholson sponsored Spring Weekend, the Spring Fling, the Homecoming Dance, and assorted concerts and comedians. One new thing that the Renner Union Planning Board did this year was invite the Video Trax Booth to come to Bethany. Students made their own music videos.

TV3

TV3 is the Television station located in Grace Phillips Hall of Fine Arts on the Bethany campus. It is run for and by the students. TV3 offers a variety of shows including the nightly news show and Bethany's Talking. TV3 had many goals at the beginning of the year and had worked hard this year to achieve those goals. They also have started to receive a Canadian station and are looking towards broadcasting some of its programs next year.

Lori Matta, Courtney Shanks and Casey Swaney work with the editing and sound boards.

Jennifer Thomsen works as camera-person at the Station.

(l-r) **Row 1:** Jeff Moyer, Christie Dittmar, Lori Matta, Tracy Stasik, Michelle Fassig, Amy Bair **Row 2:** Jess Kilgore, Ellen Milich, Andy Huffmyer, Bill Burr **Row 3:** Courtney Shanks, Casey Swaney, Jennifer Thomsen, Darrell Teubner

The Spanish club promotes cultural awareness and gives students the opportunity to improve their linguistic abilities. It is open to all those who take Spanish as their chosen language at Bethany College. The club planned many activities including, the Folkloric Dance Company, a presentation of Man Of La Mancha, a Spanish Fiesta, and the club helped to sponsor the West Virginia Teachers of Foreign Language Conference.

German Club

The German Club is made up of students who have decided to enroll in German courses while at Bethany College. They meet in order to enhance their knowledge of German culture and language. The students of the German club planned several parties this year. Also trips to German plays were included in their activities, and the annual Christmas dinner. The club was very glad to have the presence of two German exchange students- Nicola Mayer and Silke Kern.

(l-r) **Row 1:** Suzanne McQuisten, Jessica Walters **Row 2:** Shonna Shelton, Devyn Olson-Sawyer

French Club

The French club is a group of students on the Bethany campus that enjoy speaking the language of "Ol' Paris." It offers a variety of things to become involved in. The club went French Christmas caroling in December and everyone enjoyed it a great deal. They also attended many French movies in Pittsburgh this year. And the annual French dinner held at advisor Pauline Nelson's home in the town of Bethany was, again, a huge success.

SNEA

(l-r) **Row 1:** Mary Dean, Dottie D'Amato, Laura Wells, Jean Sigley **Row 2:** Buffy Biernesser, Theo Ome, Holly Pavúk, Dr. Davis (advisor)

Student Nation Education Association, SNEA, tries to show students how to expand education and their educational backgrounds to take them into the classroom. SNEA sponsored the Waner-Bloser Writing Workshop, and a bulletin board workshop. They also did some work with using USA Today in the classroom and tried to stress the idea of voting- thus with those they will be teaching- by sponsoring an election workshop.

Business Students

(l-r) Ray Spera, Frank Noble, Cyril Elbert, Scott Kriss, Kurt Loring **Not Pictured:** Denise Doster, Jolene Ashcraft, Jennifer Schneider, Chris Leasure, Missy Ondrick, Karl Radaker

The purpose of the Society of Business Students is to obtain knowledge by interacting with the real business world. This group did a lot this year taking van trips to both Chicago and New York City to visit major companies and visit the Exchange Markets. The Business students along with Senior Fellow Jennifer Schneider set up nights to help students schedule for business courses. They also had a movie night and a game night for members.

ACE

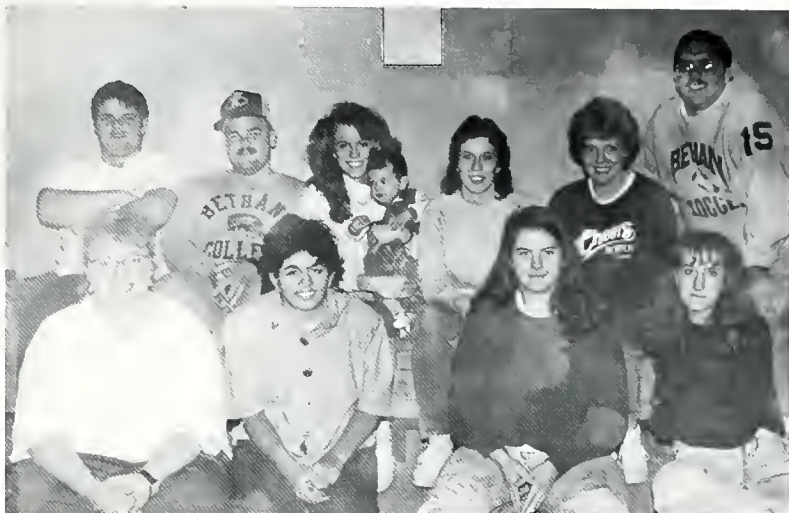

ACE Agency does advertising for campus functions in order to motivate students and the community and to learn more about the world of advertising. The students organized to accomplish some major campaigns this year. They did most of the advertising for Earth Day on campus. And they worked on an ad campaign to inform people of the AIDS virus through the campus media. Also they had contacts with Chicago ad campaigns.

MidWeek

MidWeek is an organization that offers Christian Fellowship on a weekly basis. Under the direction of Saul and Sharon Reyes- and little Joshua- the students meet every Wednesday in the Alumni Lounge to share experiences. Mid-week participated in the RSVP conference and Jubilee as they do every year. On the local level they went Christmas shopping, had movie nights, and sponsored the MidWeek Mobile Project.

The Student Board of Governors, SBOG, meets every Monday evening at 7 o'clock. It is the governing body of the Bethany campus. All the clubs and organizations on campus along with a representative from every freshman hall and every dorm and house attends to gather the news and vote upon important subjects- such as the student court justices and institution of new clubs as well as the budget. Without SBOG many of us would be lost.

Theatre

Bethany College Theatre was very busy this season. Supported by the theme, 'To speak to God while still remaining a hypo-clod' by Dick Allen and Dr. David J. Judy put together a stunning season.

Beginning with Christopher Durang's "The Marriage of Bette and Boo" Dr. Judy showed the way Skippy (John Kell) had been affected by his alcoholic father Boo (Steve Vandevander) and his psychotic mother Bette (Jennifer Schneider). As well as how Bette and Boo were affected by their insane families.

In October Dr. Judy began rehearsal for Henry Fielding's "The Historical Registrar for the year 1736". Making it a very busy month for all, because, not only was rehearsal for the November play in progress but the Theatre Honorary wrote, rehearsed and performed the 4th Annual Alpha Si Omega CABARET in Maxwell's Coffee House. The Cabaret was, again, an evening of cutting satire, beautiful music and lots 'o' fun.

"Historical Registrar.." (as the cast so lovingly called it) was performed in November for a visiting Historical Conference. Dr. Judy chose to begin this 18th century piece in a modern way, with a rap and dance. And then to make it

more 'ancient' as he went along. The concept worked well and the rehearsal set up of the show was exciting — with Sebastian Byers as 'director' and Jim Boatner and Jeremy Lewis as 'critics'.

December was an exciting month when Dianne Perlaga Blank returned after ten years to perform her senior project- "The Belle of Amherst"- again. Dianne was the first recipient of the A. Kenneth Stevenson Award for theatre and 1989 was its tenth anniversary.

The spring semester was packed with performances. The student directed one acts were presented in February and Maxwell's was packed every evening. In March "Talking With. . ." by Jane Martin was performed. Eleven talented women, along with Charlie the Cat and Betty the Snake, did a wonderful job at pulling the audience into their worlds.

Then in May, Andrew Lloyd Webber's "Joseph and the Amazing Technicolour Dreamcoat" was performed upon Bethany's stage. Dr. Judy included several children from the community and freshman Doug Kelly took the lead as Joseph. 1989-90 was, as always, a wonderful Theatre season.

The Politicians; Chris Vozeh, Steve Vandevander, Lance Smith, Jeff Ledford and John Kell; in "The Historical Registrar. . ." are repremanded by 'director' Sebastian Byers.

Choir

The Bethany College Choir, directed by Beth Dameier and accompanied by Judy Allison, did some wonderful and new things this year. They chose to sing "The Magnificat", in Latin, for their Christmas concert. The Choir also went to Florida on their annual Spring Break Tour. All who went thoroughly enjoyed themselves. It was a fantastic season for the Choir and they expect to continue their excellence in the seasons to come.

Coffee Hour

Coffee Hour reenstater, Ed Coleman, sits down to talk with Professors Kathy Coram and Frank Gorman.

The Student-Faculty Coffee Hour was started this year to aid communication between the students, the administration and the faculty of Bethany College. Held in Phillips Lounge at 10 am on Wednesdays, it was a big success. Students gathered, over tea, coffee and doughnuts, to chat on a social level. Many friendships were initiated between students and faculty, and some were renewed, by setting aside this special time.

Club Cabaret

Club Cabaret is a small group of dedicated students with a large budget. They planned all of the performances that were presented in The Barn on Thursday nights this year. One of the things that they are very proud of is their Stonehenge Weekend. It has become an annual event at Bethany and it's success will insure that it will be around in years to come. Dare we think that it may become a tradition similar to Perry Gresham Day or the Regatta?

FAC

The Freshman Activities Council, FAC, planned and produced activities for the freshman class. Several freshmen, along with Program Director Terri Dugan, get together to suggest ideas and plan the events of the year- for the freshmen and the campus. They planned a Spirit Week during Homecoming where Halls dressed alike, a Halloween Dance and the annual Christmas Formal. This year the theme was "A Christmas to Remember."

PR Club

The Public Relations Club's goal is to develop a network between students and professionals in the public relations field. It gives students an opportunity to work on PR campaigns on campus and to gain experience within the public relations field. The PR club was responsible for J-term campaign- a new and great idea. And they attended luncheons with the PRSA chapter in Pittsburgh to gain the contacts needed in the 'real' world.

The Bethanian tried to take on a different attitude this year. Oh, our book is the same size, has the same amount of pages, and the same publishing company — Taylor Publishing. But we tried to make people stand up and take notice of us. Just like we tried to notice of what was going on around us.

If you've read "How the Bethanian Ought to be Read" (page 160) then you are either: (a) not a student, (b) very bored or (c) an above average student. If you answered "c" then you are the audience we tried to capture.

Our staff has spent long hours researching time lines, tracking down professors for pictures, and sitting at a computer writing. Be kind when you scrutinize their work. But smile when you remember the spirit of the 1990 All-Campus picture, and when you see yourself pictured across these pages. The changes may be small — hardly noticable, right? But they are there. You can "Picture It" in the spirit and dedication of this staff.

The events were kicked off, Friday night, with a comedian in the Barn. Saturday evening the students 'showed off' for their parents at two events- Greek Sing and the Freshman Talent Show.

This year's annual Greek Sing began at 7:30 in Commencement Hall. It was packed, filled to capacity and overflowing, as it always is. The fraternities and sororities were all anxious to see if their weeks of practice would pay off- but people were determined to have fun too.

Alpha Xi Delta, Alpha Sigma Phi, Kappa Delta, Phi Mu, Sigma Nu and Zeta Tau Alpha all returned to sing again this year. And, a surprise to many, Beta Theta Pi joined them- and recieved an honorable mention from the judges. The Brothers of Phi Kappa Tau had to withdraw at the last moment, but they still

The Freshman Talent Show followed Greek Sing in Wailes Theatre. Magician, and freshman, Joe Hindman officiated and the show was, again, a big success. Some of the highlights included; a juggling act titled 'Ed Coleman and his Magic Balls'; the senior Kappa Deltas, who called themselves 'The Kappa Rappas', sang a rap about their four years at Bethany; a wonderful rendition of 'Wind Beneath My Wings' sung by freshman Kelsey Barber; a comedy act and song entitled 'Three Blind Jellyfish'; and an original composition by Dean Iampietro, sung by Kim Deely, entitled "Never Gave Up".

Student leaders, Yanira Marizol Agueta from El Salvador, Vilmos Both from Hungary, Marian Munteanu from Romania, Chen Ge from The People's Republic of China, and Tladi Ditshego from South Africa, visited Bethany to openly discuss the role students had in the current political changes of their homeland. After a day visiting with Bethany students and faculty the student guests opened the symposium with a short speech about the situation in their countries. When asked how students in the United States of America could aide in the spreading of democracy Marian Munteanu of Romania said, "The United State's people know how to hold the light for democracy. All I ask you is be Americans."

Junior communications major, Dana Varlotta moderated the two hour symposium. The panel of questioners included Bethany junior Dana Buckelew and Professor of History, Dr. Gary Kappel. Joining them was U.S. News and World Report Education Editor Tom Tach. Students, faculty, and community members took advantage of the open floor to ask questions of our welcomed visitors.

COMMUNIQUE Friday, March 2, 1990

As representatives of student groups from The People's Republic of China, Hungary, El Salvador, South Africa, and Romania, we agree that the events which have taken place in the struggle for freedom and human rights in our respective countries constitute a beginning of a new equilibrium around the world. Students have played a major role in bringing about these changes and must continue to do so in the future.

We also agree that the struggles that we are engaged in manifest themselves differently in different countries — each with its own objectives, means, and politics. Yet the objectives to which we are universally committed are freedom and human rights around the world.

However, the struggle for freedom and human rights is not yet over. We believe that as students, one of the most powerful instruments that we can provide in this endeavor is information. Information on the student demonstrations in Beijing was an inspiration to students in Romania, which in turn inspired groups in other countries. By education students around the world — bound only by their passion for freedom and human rights in their homeland — we hope to build on the progress we have achieved thus far.

Therefore, we have resolved to form the International League of Students — a loose coalition of students and young people around the world committed to bringing about freedom and human rights where totalitarianism now exists. We support peaceful demonstration and the proliferation of information as the primary means for accomplishing these objectives.

We invite students and student organizations from all parts of the world to join our League. Through our efforts, which will include the publication and world-wide dissemination of information, we hope to combat oppression and totalitarianism with knowledge, freedom of speech, and the uninhibited exchange of ideas.

The International League of Students will exist as a permanent organization effective immediately. As its founders, we will draft a formal proposal for review by our respective organizations that will define the parameters and direction of the League.

Proclaimed on this day, March 2, 1990, at Bethany College, Bethany West Virginia, United States of America.

Bid Day was on Friday, February 9th. The women received their bids 1st in Wailes Theater and then proceeded up Cardiac Hill to meet their sisters, who celebrated by yelling together from the top of New Parkinson Hill. The men received their bids in Weimer Lecture Hall and joined for pictures outside before they walk 'en mass' to their new House.

Bid Day was exciting for the Greeks but those who chose to stay independent made it a party day as well, as Campbell hosted their annual bash in their lounge.

with the reinstatement of the 'Flag Parade' — a processional that included faculty members, seniors, two bagpipers and four representatives from each housing unit. It was a beautiful sight, with all the colours of the rainbow flying in the sun, and those who attended had a majestic show. The key speaker at convocation was the American historian and educator, Dr. Henry Steele Commanger. Dr. Commanger spoke on the topic "Universal Enlightenment and the Coming Age." The other big event of the day was a wreath laying ceremony at the Cemetery. This is an annual event to honor Bethany College's founder, Alexander Campbell. Happy Birthday Bethany!

Spring Weekend

when the Pittsburgh band, The Affordable Floors, entertained students in the pavilion at the field house. Saturday was filled with many activities by the field house which students could participate in. They included miniature golf, caricatures, a palm reader, a comedian, a steel drum band, a magician, and a limbo contest which sophomore Brian Stimmel won. Saturday evening began with a performance by the Rain Dogs. After this, the feature band, Georgia Satellites, performed for a large audience. According to freshman Diann Devart, "Spring Weekend was one of the most interesting times I've ever experienced in my life."

See How Many We Are!

It was a partly cloudy day on March 29th, when approximately 450 Bethanians gathered on the front lawn of our historic Old Main for the 1990 All-Campus Picture. Bethanians turned out with smiles and wonder as Mr. Crabtree's amazing camera moved slowly from left to right to capture our entire group. Standing in an arc shape and trying to remain perfectly still in the blowing wind, Bethanians watched as Mr. Crabtree climbed the shaky ladder to his place of prominence beneath the blackcloth of his camera. It was our 2nd attempt at this sesquicentennial event and without the enthusiasm and encouragement of supporters like Mr. Taylor, Vice-President Sandercox and our photographer, Mr. Mark Crabtree, we would never have succeeded.

The sun shown on the sparkling morning of Saturday, May 19th, 1990. It was proud to shine over the 148th Commencement at Bethany College. One Hundred and forty-seven seniors waited anxiously outside the Phillips Memorial Library to begin their final march to their final ceremony at Bethany, before becoming alumni. At 10 am the bells in The Tower began to toll and the graduating class of 1990 processed around Old Main along the Alumni Walk and into the Old Main Quadrangle lead by two bagpipers, Dave Olson and Bob Blachley, and the noble Mr. Taylor. (What ceremony would be complete with out him?)

President D. Duane Cummins stood up to begin the ceremony by dedicating it to Carrie Fuchs. And after a prayer for her, President Emeritus and Distinguished Professor of Humanities Perry E. Gresham took the podium to speak on "Life, Liberty and Learning."

Dr. Gresham spoke to the class of 1990 asking, "How do you live?" and answering, "Live love and speak truth." And he also informed the class that, "Each one of you is appointed by almighty God to be general manager of your own life." Each person is responsible for their own liberty.

Dr. Gresham spoke on about his life and experiences at Bethany. One story that he told was that of sitting on the porch of Pendleton Heights with Suzi and Duane Cummins and seeing the lights turn on, illuminating Old Main.

The Tower and Old Main decorated the background of graduation.

commencement

Following Bethany tradition seniors walked through the Oglebay Gates before Baccalaureate Services; myth suggests this is when the seniors receive their knowledge.

Dr. Perry Gresham is a professor of Greek and Philosophy. He graduated from Texas Christian University and has studied at the University of Chicago, Columbia University, and the University of Glasgow. He has received many academic honors including 17 honorary doctorates. Instead of concentrating on his book knowledge, Dr. Gresham appropriately chose to talk about the realities of life.

"It was more than an illuminated building. It was the Liberal Arts and Sciences with a glow about it- I called it the light of Faith." When presented with a medalion from Bethany College Dr. Gresham's response was, "If it weren't so large and uncomfortable, I'd wear it in my sleep."

After the address, four degrees 'Honoris Causa' were presented. Doctors of Divinity were presented to William O. Paulsell and William Burwell Allen; and Doctors of Letters were conferred upon Richard M. Whitehead and Helen Louise McGuffie. And then, what everyone was waiting for, the presentation of the Baccalaureate degrees. Twenty-five Bethany Seniors received Bachelor of Science degrees and one hundred twenty-two recieved the Bachelor of Arts. And the Oreon E. Scott Award, for distinction in scholarship, with a GPA of 4.08 went to Jennifer Tracy Schneider.

We wish the Seniors all the luck in the world. And as Dr. Perry Gresham closed his speech, "God bless you and may you always carry the light to the edge of the world."

Carrie Christine Fuchs

"Carrie Fuchs is happiness and love."

-D. Duane Cummins

President Cummins spoke these words of Carrie Fuchs, Senior, at her Memorial Service on Sunday, May 20th, 1990. On her way to baccalaureate excersizes, Friday evening, Carrie was killed in a one car accident on West Virginia Route 88. She will be missed.

Carrie was an Education major, from Moundsville, West Virginia, who passed her comprehensive examinations with distinction. She was a member of Gamma Sigma Kappa, a scholastic honorary, and Alpha Beta Gamma, an honorary organization in Education. Carrie was an Assistant Resident Assistant her Sophomore year in Harlan Hall and an RA in Phillips Hall her Junior year. Her Senior year she chose to live at Heritage House and be closer to her sisters at Alpha Xi Delta. Carrie was engaged to be married to Richard Alan Ketcham on Monday the 21st of May.

Bethany chose to dedicate the 148th Commencement to Carrie. As Commencement Speaker, Perry E. Gresham, said, there was to be 148 seniors graduating at this 148th Commencement "But that magic circle has been broken." We will all miss her terribly.

If I speak in the tongues of men and of angels, but have not love, I am a noisy gong or a clanging cymbal. And if I have prophetic powers, and understand all mysteries and all knowledge, and if I have all faith, so as to remove mountains, but have not love, I am nothing. If I give away all I have, and if I deliver my body to be burned, but have not love, I gained nothing.

Love is patient and kind; love is not jealous or boastful; it is not arrogant or rude. Love does not insist on its own way; it is not irritable or resentful; it does not rejoice at wrong, but rejoices in the right. Love bears all things, believes all things, hopes all things, endures all things.

Love never ends; as for prophecies, they will pass away; as for tongues, they will cease; as for knowledge, it will pass away. For our knowledge is imperfect and our prophecy is imperfect; But when the perfect comes, the imperfect will pass away. When I was a child, I spoke like a child, I thought like a child, I reasoned like a child; when I became a man, I gave up childish ways. For now we see in a mirror dimly, but then face to face. Now I know in part; then I shall understand fully, even as I have been fully understood. So faith, hope, love abide, these three; but the greatest of these is love.

-I Corithians 13

"But the magic circle has been broken."

Picture.A Friend

Mr. John R. Taylor

We, the Editors, would like to dedicate this book to Mr. John R. Taylor, professor of English and Fine Arts. In 1940 Bethany College grabbed the attention of a young freshman; and Mr. Taylor has long since been grabbing the attention of his students and peers. His controversial issues in *The Daily Blat* and his brusque manner in class will evoke vivid memories in us for years to come. During the hours we spent designing the sesquicentennial yearbook no one inspired us more than the "English Gentleman" we know as Mr. Taylor. We would like to convey to him our undying respect and gratitude for making us realize that nothing is impossible.
